FRAMED HINGED DOOR

GERAHMTE DREHTÜR PUERTA BATIENTE ENMARCADA PORTE À CADRE

EASY: Framed hinged door is a concentrate of simplicity. The exclusive assembly system of profiles and accessories and the absence of mechanical processing allow the construction of custom-made doors, always different from each other, using the most common work tools.

DURABLE: The best materials together with the most modern surface treatment techniques make Metalglas framed doors a solid and resistant product.

BEAUTIFUL AND ELEGANT: just look at it!

EINFACH: Gerahmte Drehtür ist ein Konzentrat der Einfachheit. Das exklusive Montagesystem von Profilen und Zubehör und die Absenz von mechanische Bearbeitung ermöglichen den Bau von Türen nach Maß, die sich immer voneinander unterscheiden, mit den gängigsten Arbeitswerkzeugen.

HALTBAR: Die besten Materialien zusammen mit den modernsten Oberflächenbehandlung Techniken machen Metalglas gerahmte Türen zu einem soliden und beständigen Produkt.

SCHÖN UND ELEGANT: Schau es Sie einfach an!

FÁCIL: La puerta batiente enmarcada es un concentrado de sencillez. El exclusivo sistema de ensamblaje de perfiles y accesorios, y la ausencia de procesos de mecanizado, permiten la construcción de puertas a medida, siempre diferente una de otra, utilizando las herramientas de trabajo más comunes.

DURADERO: Los mejores materiales junto con las más modernas técnicas de tratamiento de superficies hacen de puerta batiente enmarcada un producto sólido y resistente.

HERMOSO Y ELEGANTE: solo miralo

FACILE : La porte à cadre est un concentré de simplicité. Le système exclusif d'assemblage des profils et des accessoires et l'absence d'usinage mécanique permettent de réaliser des portes sur mesure, toujours différentes les unes des autres, en utilisant les outils de travail les plus courants.

DURABLE: Les meilleurs matériaux associés aux techniques les plus modernes de traitement de surface font de la porte à cadre Metalglas un produit solide et résistant.

BEAU ET ÉLÉGANT: il suffit de le regarder!

FRAMED HINGED DOOR + PARTITION

GERAHMTE DREHTÜR + TRENNWAND PUERTA ENMARCADA + PARED PORTE À CADRE + PAROI

The idea behind framed hinged door + partition is to mix and propose different styles, also from different eras, in a new form, using the most modern construction techniques.

Sliding or hinged doors can be easily integrated into fixed walls and can enhance the design of any room.

Die Idee hinter gerahmte Drehtür + Trennwand ist es, verschiedene Stile, auch aus verschiedenen Epochen, in einer neuen Form unter Verwendung modernster Konstruktionstechniken zu mischen und vorzuschlagen. Schiebe- oder Drehtüren harmonisieren perfekt mit festen Wänden und können jeden Raum gestalterisch aufwerten.

La idea detrás de puerta enmarcada + pared es mezclar y proponer diferentes estilos, también de diferentes épocas, en una nueva forma, utilizando las técnicas constructivas más modernas. Las puertas correderas o batientes se pueden integrar fácilmente en paredes fijas y pueden realzar el diseño de cualquier estancia.

L'idée de porte à cadre + paroi est de mélanger et de proposer différents styles, également de différentes époques, sous une nouvelle forme, en utilisant les techniques de construction les plus modernes. Les portes coulissantes ou battantes peuvent être facilement intégrées dans des murs fixes et peuvent améliorer le design de n'importe quelle pièce.

SLIDING DOORS

A system of frames and intermediate profiles to create an endless number of panels, all different from each other.

Ein System von Rahmenprofilen und Querleisten, um eine Vielzahl von Türen zu schaffen, die sich stets voneinander unterscheiden.

Un sistema de perfiles perimetrales y listones intermedios para crear una infinidad de puertas siempre diferentes entre sí.

Un système périphérique de profilés et de moulures intermédiaires pour créer une infinité de portes différentes.

Technical drawing of a door assembly showing front, side, and detail views with dimensions.

Front View: The door is shown with overall dimensions LA (width) and HA (height). The door is divided into three horizontal sections: a top section of height 13, a middle section of height 1065, and a bottom section of height 13. The door is shown with a handle and a lock mechanism.

Side View: The side view shows the door's profile with a total thickness of 2. The door is shown with a handle and a lock mechanism.

Detail View: A detail view of the door's edge shows a thickness of 5.5. The door is shown with a handle and a lock mechanism.

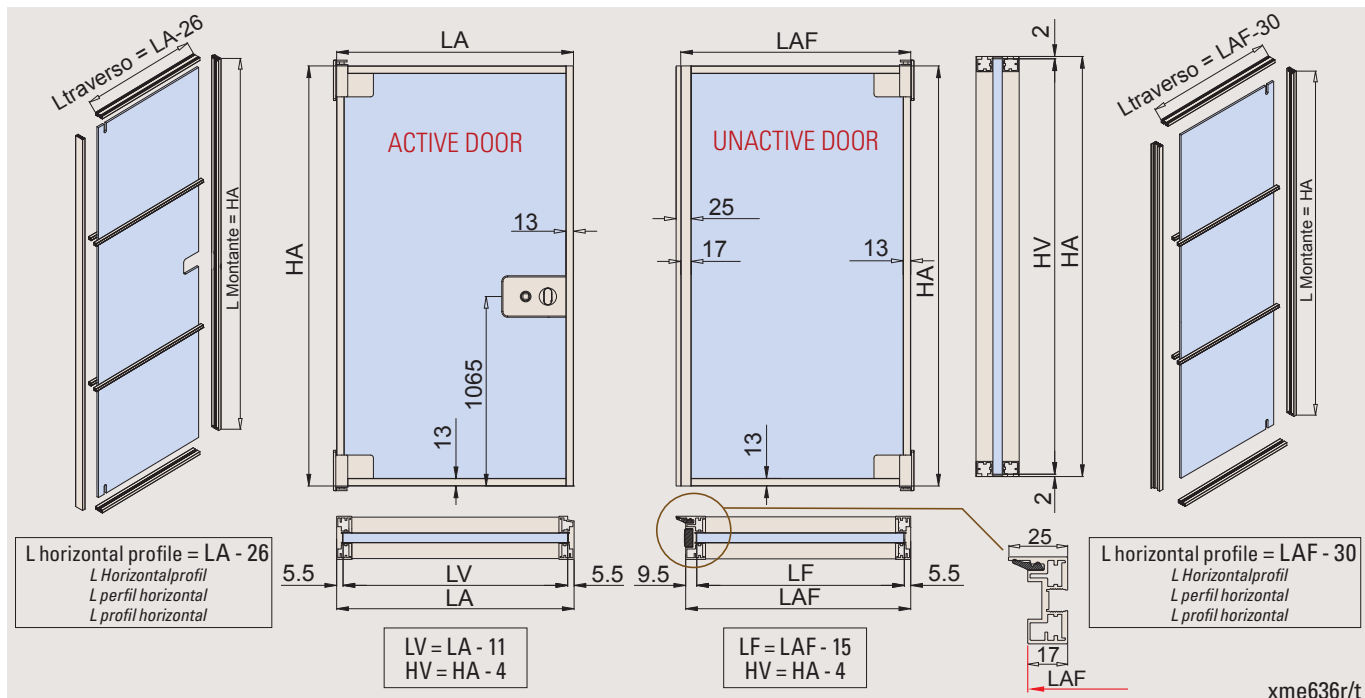

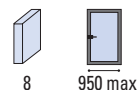

Assembly View: The assembly view shows the door being installed into a frame. The frame is labeled L Montante = HA . The door is shown with a handle and a lock mechanism. The frame is labeled $L_{traverso} = LA - 26$.

L horizontal profile = LA - 26
